Features

- Softpod responds to the changing landscape of today's workplace, providing an alternative to conventional workstations and cubicles
- 120-degree footprint supports clusters of one or more pods
- Monolithic PET felt panels with monolithic look
- Felt surfaces are tackable
- Integrated worksurfaces available in thermally fused or high pressure laminate
- 54 in (1372 mm) high seated privacy panels
- Flexible privacy extensions add 9 in (229 mm) to the end of a panel or raise the overall panel height to 65 in (1651 mm)
- Each workstation can be specified with three, four or five dividers, which can be used freestanding, alone, or linked to other pods
- Panels include cutouts for power/data grommets and connections, as standard. The cutouts are covered by precisely cut felt plugs that have a near invisible appearance when left in place
- Easy to install. Only two divider types: straight and J-shaped dividers. All dividers are non-handed and reversible

MODELS: HX4P5472__, HX5P5472__

- Four and five divider workstations can be specified with a wrap around worksurface, providing a small return surface within the pod

Options
- Worksurfaces are available in over 25 solid color and wood grain laminate finishes
- PET felt dividers are available in nine colors. Dividers can be specified with the same or different colors on exterior and interior surfaces
- Legs are available in Charcoal or Designer White powder coat paint finish

Privacy Extension Options
- Extensions are made of PET felt (available in all PET colors. Solid or perforated pattern)
  - End extension: extends privacy 9 in (229 mm) at left or right side of a divider, above worksurface
  - Top corner extension: extends privacy above worksurface, 9 in (229 mm) at left or right side of a divider and 11 in (279 mm) above top of divider
  - Corner extension: extend 11 in (279 mm) above top of dividers, bending around a corner of a workstation divider

Electrical Accessory Options
- ModPower daisy chain on desk/in desk. Single circuit power units with 3 simplex, USB A/C
- Hardwired 2 circuit power kit with optional base or ceiling feed
- Under worksurface USB charging units (USB A and C outlets available)
- Worksurface grommet cutouts and access doors
- Grommet holes in privacy panels can provide pass-throughs for connecting back to back workstations, daisy-chain power solutions and/or ceiling feed poles. Grommets can be installed above or below worksurface
- Felt cable shrouds are available

Add-on Accessory Options
- Casual storage units mount under worksurfaces. 24 in (610 mm) deep sheet metal compartment. Includes front and rear openings, a PET felt lined shelf and a side mounted hook
- Rear laminate shelf, mounting above worksurface. 0.75 in (19 mm) thick thermally fused or high pressure laminate surface with PVC edge and 2.5 in (64 mm) radius corners

Add-on Accessory Options (continued)
- Hanging shelf, mounted to top of divider. 16 in (406 mm) high, 23.5 in (597 mm) wide. Sits 9 in (229 mm) above worksurface. PET felt tray insert, in choice of color. Shelf is available in any panel finish color
- Hanging shelf with magnetic dry erase board (all other features are the same as the above hanging shelf)
- Dry erase nameplate, mounting to top of privacy panel
- Hooks are available, attaching to horizontal panel edges, vertical panel edges or mounted under worksurfaces

Construction (Worksurfaces)
- Thermally fused laminate, 1 in (25 mm) thick or high pressure laminate 1.0625 in (27 mm) thick

Construction (Divider Exterior)
- PET felt bonded to an extruded aluminum core
- Pre-cut felt plugs for grommet holes
- Die-cast aluminium legs
- Adjustable leveling glides, over 1.25 in (31.75 mm) range
- PET felt contains 50% post-consumer recycled material. Panels are 100% recyclable at end of life. Frames and legs are 100% recyclable at end of life

Warranty
Limited lifetime warranty. Five year warranty on electrical devices and panel textiles.
