Contact sales representative for more information.

Features

- High pressure laminate tables
- Table top locks in horizontal position. Centrally located release lever allows the table top to be flipped into storage position
- Table top can be easily flipped to or from storage position by a single user
- Each nested table only adds 8 ⅞ in (225 mm) to depth of nested tables
- Casters are adjustable for leveling
- All casters lock to keep table stationary

MODELS: GFT##M & GFT##MV

- Articulating modesty panel folds out of the way when table is moved into stored position

Options

- Table tops are available in 19 laminate finishes (models ending with "R")
- Table tops are available in 20 hardwood veneer finishes (models ending with "RV")
- Modesty panels are available in the same laminate and veneer finishes as the table top(s)
- Seven leg finishes available
- Grommet and power block cutouts are available on request. Contact sales representative for more information
- Ganging plates are available. Allows table to be easily connected and disconnected using thumbscrews
- Wire management channels are available that snap on to horizontal cross beams and vertical table legs

Construction (Table Top)

- 1.062 in (27 mm) thick high pressure laminate top
- 45 lb. particle board construction
- 3 mm matching laminate edge

Construction (Base)

- Painted aluminium legs and support beam
- Cast aluminum "T" foot with polished finish
- Four locking dual wheel casters, 2 ⅜ in (60 mm) diameter

GFT####R

GFT####R with GFT##M (modesty panel)

Construction (Modesty Panel)

- Modesty panels are 10 in (254 mm) tall and ¾ in (19 mm) thick
- Hinged mechanism rotates modesty panel whenever table top is flipped
- Gap between table top and modesty panel minimizes pinch points when flipping table top
- Can be retrofit

MODELS GFT##M

- Laminate modesty panel

MODELS GFT##MV

- Hardwood veneer modesty panel

Warranty

Lifetime warranty on all components.
